Celebrating Diwali – Diya Decoration and Rangoli Making

The Diwali decoration and rangoli making competition in primary classes at our school is a vibrant celebration of creativity and cultural expression. Students eagerly participate showcasing their artistic talents through the intricate decoration of Diya's and the colourful creations of Rangolis. This event not only fosters artistic skills but also instils a sense of cultural pride and community spirit among the young participants.

Community lunch

A community lunch in primary classes at our school is a wonderful initiative that fosters a sense of unity, cooperation, and camaraderie among students. This practice not only encourages healthy eating habits but also promotes social skills and a sense of belonging among the young learners.

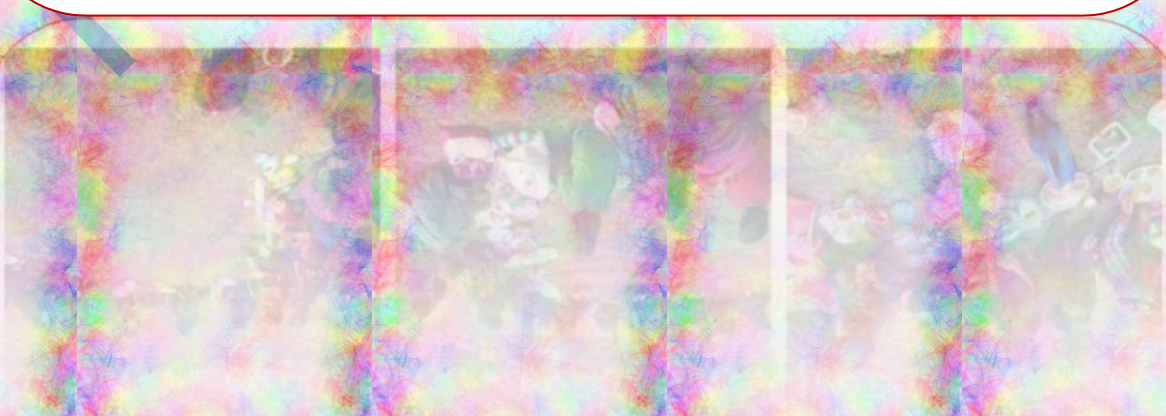

During community lunches, students in primary classes gather together to share a meal. This activity is often organized by the school to create a positive and inclusive environment. Students bring homemade or school-prepared lunches to share with their classmates. The idea is to create a communal atmosphere where children can enjoy their meals together, exchange conversations, and build friendships.

The benefits of community lunches in primary classes at KVS are numerous. Firstly, it helps in developing a sense of responsibility as students learn to share and contribute to the collective well-being of the class. It also promotes a healthy attitude towards food, encouraging

students to try different dishes and appreciate diverse culinary traditions.

Back to roots

Traditional games hold a special place in our cultural heritage, fostering values like teamwork and physical activity. In our school, these games are celebrated for their role in promoting a healthy lifestyle and preserving our rich traditions. From kabaddi to kho-kho, Poshampaa to Aakh mai choli, Gems to Gulli Danda these games not only provide recreational opportunities but also instill a sense of discipline and camaraderie among students. KVs recognize the importance of balancing modern education with the preservation of our cultural roots through the promotion of traditional games.

“Certificate Distribution”

In addition to academic achievements, KVs also emphasize the development of values, discipline, and overall personality in primary classes. Therefore, certificates may also be awarded for commendable behavior, leadership skills, and other aspects that contribute to a child's character development.

Clay + Play

A clay molding competition in Kendriya Vidyalayas would likely be an engaging and creative activity organized to foster artistic expression and imagination among students. Such competitions often aim to develop fine motor skills, encourage teamwork, and provide a platform for students to showcase their artistic talents.

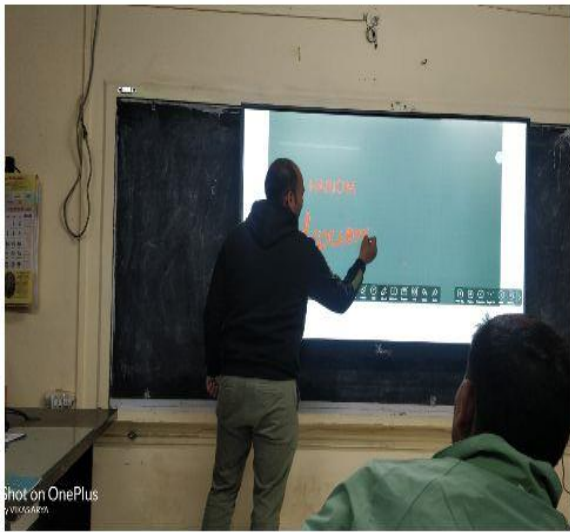

Participants in a clay molding competition may be given a theme or topic around which they create their clay sculptures. The competition could involve various age categories or grade levels to ensure that the challenges are age-appropriate and encourage healthy competition.

Our Annual Sports Day Celebration

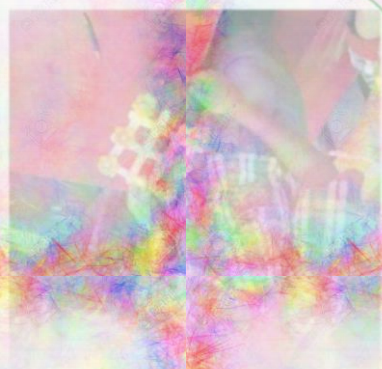

Kendriya Vidyalayas (KVs) across the country celebrate their Annual Sports Day with great enthusiasm and fervor. This event is a culmination of months of preparation, practice, and dedication by both students and teachers. The Annual Sports Day is not just a day of competitions but also a celebration of sportsmanship, teamwork, and physical fitness. The day typically begins with a colorful and energetic march past by students, showcasing their discipline and coordination. The school band adds a musical touch to the event,

creating an atmosphere of excitement and pride. In conclusion, the Annual Sports Day celebration in our vidyalay is a vibrant and memorable event that goes beyond the realm of sports. It reflects the school's commitment to holistic education and the nurturing of well-rounded individuals.
